HANNAH™
—INDUSTRIES—

Hello, first and foremost we hope everyone is staying safe out there!

During these hard times while getting through the COVID-19 epidemic, we want to let you know that Hannah Industries including Dawg Star, Western Cultured, Waxtronaut and Twisted Legion are here to support you and our cannabis community. We would like to show that support via social media and connecting directly with the customers who keep us all in business. Please inform us of any changes to your hours of operations or requests for increased cleanliness methods for customers coming into your shops. Also let us know if you offer online ordering for pick up. Please feel free to update us on any other changes or information you would like to get out to your customers. Our plan is to share this information online and tag your shop as well. Let us know if there is anything else we can do for you.

What we are are doing here at Hannah:

We have instituted several emergency guidelines to keep our employees safe and healthy while still being able to keep our facility operational. Below is a summary of those guidelines.

- *Opening and closing bleach down procedures**
 - *Employee leave options if they are showing/feeling ANY symptoms**
 - *Mandatory face masks for all employees during business hours**
 - *Mandatory testing for COVID-19 if an employee has called out with possible symptoms**
-

Hannah has not had any employees test positive for COVID-19 at this time. We will continue to do our best for our employees and our shops!

Thank you for your continued support,

Megan Sanders,
